Describe the work you or your team has done on this project, so far:

Have you encountered any teamwork issues, while working on this project? (i.e., team is having difficulty finding a time to meet, someone on the team isn't pulling his/her weight)

Have you encountered any logistical problems, while working on this project? (i.e., nobody can figure out how to build a webpage, can't find some of the information)

What still needs to be done, to finish this project on time?
