

Northeastern University

*College of Computer and
Information Science*

Mini Symposium on Information Security

November 9, 2004
McLeod Suite
318-322 Curry Center

- 8:30 – 8:40 Welcome
Agnes Chan, Northeastern University
- 8:40 – 9:40 The Prospects for Secure Computing
Whitfield Diffie, Sun Microsystems
- 9:40 – 10:00 *Break*
- 10:00 – 11:00 Trust Negotiation Systems - Concepts and Issues
Elisa Bertino, Purdue University
- 11:00 – noon Bridging the gap between specification and implementation
Insup Lee, University of Pennsylvania
- noon – 1:30 *Lunch*
- 1:30 – 2:30 Scalable Robust and Secure Wireless Networks
Guevara Noubir, Northeastern University
- 2:30 – 3:30 Cryptography and Data Security - Long Term Challenges
Burt Kaliski, RSA Laboratories
- 3:30 – 4:00 *Break*
- 4:00 – 5:00 Security Challenges in Space Networks
Vincent Chan, MIT
