1. Visibility of System Status – tabs in evaluate don't do anything.
   
   **Solution:** Implementation of tabs to view additional professors for evaluation purposes.

2. Consistency – Clear button in the evaluation section doesn't clear the radio buttons.
   
   **Solution:** Clear button now clears evaluation section as well as form.

3. Times list in classes are way off (some go from 5am to 7pm or 8pm to 9am, etc) – major
   
   **Solution:** Fixed inconsistent times.

4. As I scroll down the registration I have to remember what I selected prior or times
   
   **Solution:** No registration time’s conflict with other times at the moment.
