CSU 670 Programming Assignment 4
Due: October 8, 2004

Jason Ansel

PART 1:

the part was just mechanically following instructions and modifying files.

printing lots of code that I didn't even write would be a waste of ink.

see digital submission for complete set of changed files.

PART 2:

Attached on the following pages are the files I modified heavily or created myself.

I omitted files which i only changed a couple lines in or didn't change at all.

complete set of files can be found digitally in:
{hw4_ansel.tar.gz}/part_2/*

PART 3:

changed line *14* of *incomingToFileName.beh*
from:
  void before(Object source, String s, Object target) {
to:
  void before(Object source, String s, FileName target) {

no other changes.

complete set of files can be found digitally in:
{hw4_ansel.tar.gz}/part_3/*
