I5: Basic GUI Development (Extra Credit)   **Zhichun Ye**

Project Title: EZ-Dining

Instructions:

This is simulated on web browser thus please go to this website:

http://zhichunye.wix.com/bistro

Chrome or Firefox are recommended.

Notes:

1. Since my website doesn't contain all the widgets required in the assignment notes, I create another site to show all those widgets. Please go to this website:

    http://www.ccs.neu.edu/home/zhichun/I5/i5.html

2. I would like to add this extra credit to my lowest individual assignment; currently it is I2 (individual assignment 2).
