

① 1/28/2013

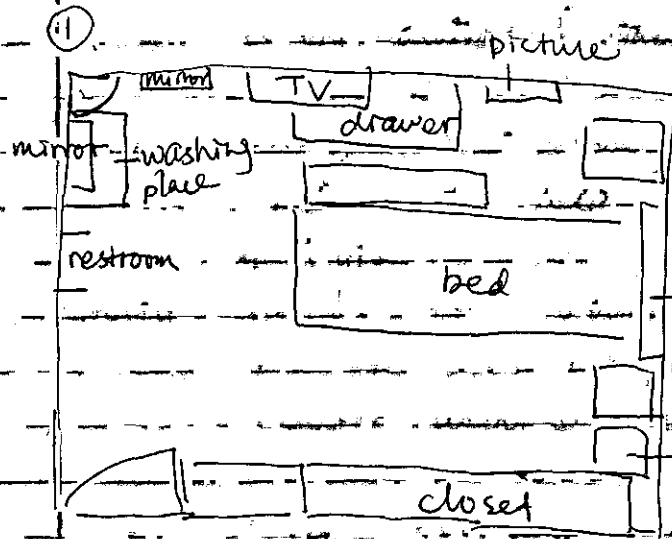

how long
1. 1 yr

2. definitely allows regular
can do send mail email
working on skype

3. help w/ mouse go mouse
one get tired easy
ask them 12/1 hr

brother help

6.

Gmail

using xbox as microphone

move down three 1. light is yellow can't access command
what does it say can't scroll down (more materials)
get started with Google+ voice they'd like to stop it

1. Read transcriptions very long time
2. Customize which phone ring he said: Oh come on 3-5 min.
3. Personalized tag
4. Make cheap international calls

send email + number ppl with name 29/page

→ make sure → 25 sec long per mail

→ send it. (progress bar)

1. Move down one drop he seems upset
restart it again. "Move down four
F then drop can't recognize it.

then we help with mouse

One more error

open picture

close window

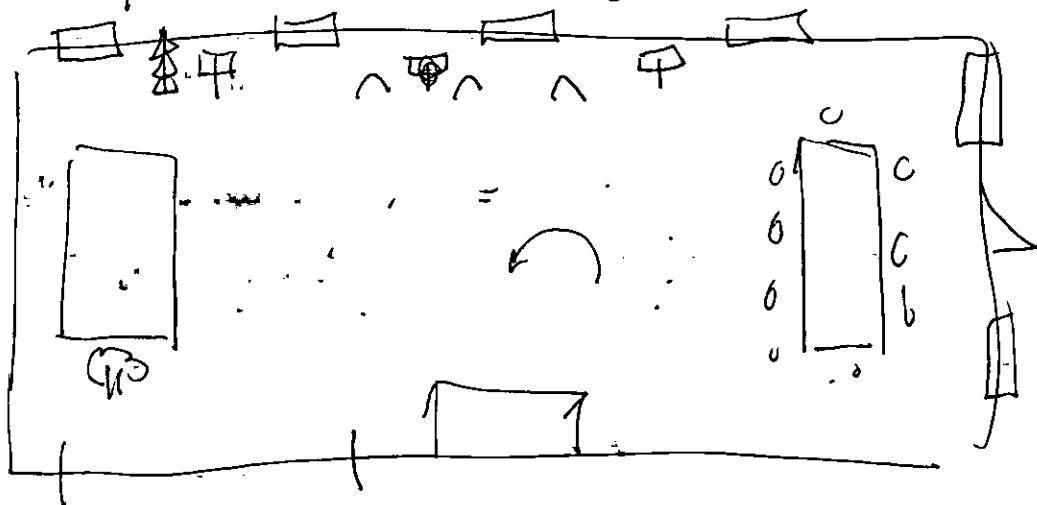

scroll down ✓ see full image

F then help to do it.

- ✓ Nick ✓
- ✓ Lorri iPad ☺ 1st iPad user type ☑ ☹ verbally. as much as possible style list ✓
- ✓ Tracy few yrs customized touch app ~~swipe~~ more are tricky
- ✓ John voice project not-able to use - new device to pin switch options help ↑ moving head nup. yelling 4-5 yrs
- ✓ Mary verbal ✓ ✕ microphone, when it's charge, pressure level one puff sip soft hard, directions scanner. using system. hand can't access iPad
- ✓ He newer. ✓ max windows tablet, switch, jellybean. hit back and keeps making sounds, laughing
hard make selection - wifi USB
no wifi right now.

✓ Michelle. iPad sys chat. text → speech word prediction
save 40 ph sen > don't repeat.
record last 40.
place to take of *public more projection
there's a pen bang left.
style to use.

* Usually weak in finger. not so much
no request gestures. → they hope

1. first we intro some of our project.

中间一直有声音出来

1. Open forums.

I. Lady Green: not fancy. kind out of the way. they need charged screen always on. someone diff to swipe
the charge now run out of.

he. go. → get attention

2. People: bedside

can mount on

6. main → food/music/TV ... phrases

one mistake

use back of hand to

3. glass: drift away from it. they type hello false one's quick type
sound board & image

4. gentleman: cancel cancel. head position
category → select → switch 2 clicks quick 2 sound

emplier: introduction

come forward

Mi: working on legs stretch

1 elevator some can't hear. feel / microphone

2 波新和同本P11 load voices in

turn down → turn on. but they don't love that.

1. Say hello.

Mi: She makes a mistake HR

2 voice options - have wire fires
↑ hi

45 min

1. demonstrating
2. cleaning

1. I used, radio check, training.

they talk about vocations, but ~~don't~~ most people don't talk so much.
they can smile

show wheels

move the straw to switch, stay near the mouth.

it's too far first two time

too close third time

then OK

G get tired

Don they trust.

1. record first
jump to some other pop with it
file folder.

DynVox is not that
no quick
shortcut.

2. Switch

highlight large each one 96 options no direct cues
mistake → delete but after seen all the sentence
1 time wait for all → frustrating.

Same time, setting, customize, then press.

reaction time
number of passes.

Some need to initial

Can generate by keyboard
use through out the day.

2. pac verbally

Words | Phrases | What's New

type to speak

alphebe x read all these to find medication 45

settings.

button are small make mistake.

有些被菜单挡住了

Can't customized.

color 不同的颜色 快哉, 单词字母顺序.

bell ring - attention has repeat

speakers. * background

Come word.

Maggi 201-2

mining

手指来动mouse. 滑动. 在左边. 有手是固定的

电脑界面很陌生, eats internet, screen is very big.

用下. 鼠标. 选中, enter, bars under the searching bar

1. No.

can't directly

2 times can't work

with hand

need move

third time chose from the menu and press enter

2. not sure. don't know

3. every night use computer

1. never know use x3

this amplifier

4. yes

but would like to have that

fine with

not like keyboard help him achieve that how to learn

like the mouse

trained?

like to use voice to speak to computer

use every night learn it

6 use pad could prefer use can carry with him

7. haven't exposed to speech generating machine before

8. can not say at the very end

think a little time

with of time we can not figure

what he is talking about.

really enjoy here

try sometime

can't say that

can't express it
